About this release

After their debut success 'Inside Out', which was charted and licensed world wide, earlier this year, KiNK & Neville Watson are back big time!

They rock our world with their vintage Chicago sound, like it's Summer of Love all over again. Although they have the old skool sound going, they easily keep up with today's productions standards. It will rock any system.

Raw and dirty house music. When music is this good, let there be renaissance!

Our house is your rush!
