KEY SELLING POINTS

Three dance floor hitters by the Dutch Arp Frique. "Nos Magia" holds collaborations with Nigerian funkster Orlando Julius and Cape-Verdean legend Americo Brito. Surprising new cuts that could easily have been made in the 70ties! Big tip!

Arp Frique is Niels Nieuborg from the city of Rotterdam, who has been actively involved in the Dutch live music scene for years, working with Cape Verdean & Surinamese musicians especially. After all these years, he finally presents his own true musical output.

"Nos Magia" is a classic sounding, but unheard Cape Verdean funana song featuring the old skool Americo Brito on vocals. The b-side holds two collaborations with afro-beat protagonist Orlando Julius.....enjoy!!
